## FINANCIAL POLICY

Your insurance contract is an agreement between you, your insurance company and in any instances, your employer. The financial side of medical practices has become increasingly complex over the past few years with the advent of managed care and the many different types of insurance plans now available. We try our best to be familiar with the regulations and restrictions of each company, though you, the patient, are ultimately responsible for understanding the details of your own health care coverage. The following are the guidelines we use to regulate the financial side of our practice. Please make yourself familiar with these and let us know if you have any questions.

1. All charges are due at the time of service unless other arrangements have been made in advance.
2. Medicaid co-pays will be collected at the time of service in accordance with Carolina Access policy which states "failure to make co-pays will result in dismissal."
3. Patients with third party insurance plans which require co-pays will pay their own co-pay at sign in. Failure to do so may result in the patient not being seen by the provider unless it is a genuine medical emergency. We will gladly bill your insurance company for the remainder of the charges associated with your visit. Please be aware that there may be an additional balance even after your insurance payment due to your deductible and/or any non-covered services. If so, our Billing Supervisor will notify you, and the additional charges will need to be paid within 30 days of receipt of your bill.
4. We file claims for a limited number of insurance plans only. These include: Blue Cross Blue Shield, Cigna, Crescent Health Plans, Medcost, Medicaid, Medicare, Medicare Advantage, Aetna, United Health Care, Wellpath / Coventry. If you are covered by other plans you will need to file your own insurance and payment in full will be expected at the time of service.
5. Charges for all hospital and emergency visits will be filed with most insurance companies. If your company has not responded within 60 days of our filing then the charges will be sent to you directly and you will be responsible for them as with any other charges.
6. We are not contractually required to file claims for Medicare secondary plans; however, we will file them once only as a courtesy. Should the company not respond within 45 days of our filing, then the charges will be sent to you directly and you will be responsible for them as with any other charges.
7. Claims for non-Medicare secondary plans are not filed by this office.
8. Charges for services rendered to children whose parents are divorced will be the responsibility of the parent who seeks treatment for the child and are due at the time of service, irrespective of any court-ordered responsibility for medical costs.
9. We will make a charge of \$25.00 for any returned checks, and such checks will not be re-deposited. Personal checks will no longer be accepted from any patient who has previously presented a check which was returned.
10. While we always see patients for emergency care, routine care will only be given to patients whose accounts are current or have made financial arrangements with us, and maintaining the conditions thereof.

11. We try to leave work-in time each day to see those patients who call in with problems that need to be managed that day. If you request that an appraisal of your condition be made over the phone and some treatment is given without an office visit, you will be charged \$25.00 to cover the cost of Our Family Doctor staff time involved. Such charges are not covered by insurance plans and therefore are the responsibility of the patients. This includes any new prescription that is given over the phone without an office visit.
12. If you fail to keep a scheduled appointment with a provider or the lab, and do not give the office 24 hours notice of cancellation, you will be charged a missed appointment fee. For a missed visit with a provider or nutrition counseling, there will be a charge of \$35.00. For a missed lab appointment, there will be a charge of \$15.00. These charges are made to cover the staffing costs, whether or not you keep your appointment. Also, not notifying us timely prevents other patients from using that time slot.
13. There will be a minimum of \$10.00 fee, payable in advance, when medical records are requested to be sent to a new doctor and/or patient forms to be completed (not received at the time of the office visit). The fee may be higher depending on the size of the medical record.

I have read and understand the financial policy of Our Family Doctor. My signature below acknowledges that any questions I may have regarding the policy have been fully explained and answered.
